file Space Requirements

NOTE TO: [REDACTED]
FROM: Jim and Don
SUBJECT: Cooperative Space

1. Today [REDACTED] and I met with [REDACTED]
(Credit Union Manager and Assistant Manager, respectively) to
discuss the Credit Union's requirements in the new building.

2. It appears that they are faced with some tough decisions
in view of their planned move into the new Credit Union Building
[REDACTED] [REDACTED] opined that ideally they should have
offices both here and in the new building, which would mean that
[REDACTED] would be sold. Anyway, we asked Ken to prepare a paper
by 7 August projecting their requirements.

3. Ken said that even though they plan to move into [REDACTED]
beginning in August, they will continue to retain the space they
now have on the first floor of Headquarters Building.

4. It was interesting to learn that the Credit Union does
not pay for space or utilities in this building. The only thing
they pay for is the telephone.

Jim
